

GAC Bunker Fuels Standard Trading Conditions

These terms and conditions shall be referred to as the “**GAC Bunker Fuels Terms and Conditions**”.

4.1 Quality: Buyer shall have the responsibility for the selection and acceptance of Bunkers for their intended purpose. The quality of each grade of Bunkers shall be the usual production quality of that grade being sold by the Seller at the time and Place of Delivery. The Buyer shall have the responsibility for ascertaining that the Bunkers are suitable for use in the Receiving Vessel and also for any determination of compatibility of Bunkers purchased from the Seller with Bunkers already on board of Receiving Vessel. Any guarantees, conditions or all other warranties, expressed or implied, arising by law, whether under Statute and/or in contract, civil liability or in tort, or otherwise in so far it is permissible in law, including but not limited to any implied warranty as to the satisfactory quality, merchantability, fitness or suitability of the Bunkers for any particular purpose or otherwise, are expressly excluded.

4.2 The Buyer hereby warrants that it has not relied upon any representations whatsoever made by or on behalf of the Seller but has relied exclusively on its own knowledge and judgment as to the fitness for its purpose, or that of the Receiving Vessel, of the Bunkers supplied.

4.3 Quantity: Unless otherwise expressly agreed in the Sales Confirmation, the quantity of Bunkers to be Delivered shall be the amount nominated plus or minus 10% (ten per cent) at Seller's option.

DETERMINATION OF QUALITY AND MEASUREMENT OF QUANTITY

§ 5

5.1 The quality and quantity of Bunkers shall be determined by the Physical Supplier's personnel, using the Physical Supplier's equipment according to the Physical Supplier's customary methods, and in any case according to refinery/deposit's tickets, custom's certificate and the Bunker Delivery Receipt.

5.2 The quantity of Bunkers shall be measured exclusively from the official gauge or meter of the Supplying Vessel and/or Supplying Vehicle. Such determination shall be conclusive. Any figures obtained by measuring Bunkers in the Receiving Vessel's tanks are agreed to be unsuitable/unreliable for this purpose and no claim for short delivery can be based on them.

5.3 The Buyer may be present or represented when such quality determinations and quantity measurements are taken, but whether or not the Buyer or Buyer's representatives accepts or declines such invitation, the Physical Supplier's determination of quality and/or quantity shall prevail and be binding. In the event that local bunkering rules and/or regulations apply mandatorily, these shall take precedence over the provisions of Clauses 5.1 and 5.2.

5.4 The Bunkers to be Delivered under the Sales Agreement shall be measured and calculated in accordance with the ISO-ASTM-API-IP Petroleum Measurement Tables.

5.5 In addition to any samples which may be required under MARPOL, the Physical Supplier shall draw at least three representative sealed online samples, at the time of pumping from and at the Supplying Vessel's and/or Supplying Vehicle's bunker manifold, save where compulsory local regulations and laws provide otherwise, for each grade of Bunkers for every consignment Delivered (the "Sealed Samples"). Two sets of the Sealed Samples are to be retained by the Physical Supplier and the third is to be retained by the Buyer for a minimum period of six (6) months or for any other period as instructed by the Seller from time to time. The Buyer may attend or be represented during such sample taking. The Sealed Samples shall be conclusively deemed to be representative of the quality of the Bunkers supplied to the Receiving Vessel. Any samples drawn from the Receiving Vessel's bunker manifold and/or tanks shall not be valid as an indicator of the quality supplied.

5.6 The samples referred to in Clause 5.5 shall be securely sealed and provided with labels showing the Receiving Vessel's name, identity of delivery facility, product name, delivery date and place and point of sampling and seal number, authenticated with the Receiving Vessel's stamp and signed by the Physical Supplier's representative and the Master of the Receiving Vessel or the Master's authorized representative (the "Sealed Samples").

5.7 Two (2) of the Sealed Samples shall be retained by the Physical Supplier for minimum forty-five (45) days after delivery of the Bunkers to the Receiving Vessel or, on being requested in writing by the Buyer, for as long as the Buyer may reasonably require, and the other three (3) samples shall be retained on board the Receiving Vessel (one of which shall be for MARPOL purposes) for a minimum period of six (6) months or for any other period as instructed by the Seller or the Physical Supplier from time to time.

5.8 If the Bunkers are Delivered by more than one Supplying Vessel or Supplying Vehicle, the sampling procedure shall be repeated as outlined in this Clause 5.

5.9 The Seller or Seller's agent may inspect the Receiving Vessel in the event of any complaint, whether at the request of Buyer or otherwise.

5.10 If present at loading, the Buyer or Buyer's representative shall furnish to Seller's personnel such Receiving Vessel's data as available pertaining to the accuracy of the quantity and quality determinations initially made (i.e. dryness certificate, Receiving Vessel's ullage before

and after loading, Bunkers retained on board from tank washing or cleavage or for any other reason, Receiving Vessel experience factors (including those factors which will impact on quality and quantity of the Bunkers supplied) and a sample from the cargo tanks).

5.11 Any adjustment in the volume of Bunkers Delivered owing to a difference in temperature shall be made in accordance with the American Society for Testing and Materials and The Institute of Petroleum (ASTM-IP) petroleum measurement tables or, at the option of the Seller or Physical Supplier, in accordance with the method of any other recognised standards authority.

DELIVERY

§ 6

6.1 Deliveries shall be made at the Place of Delivery.

6.2 Deliveries shall be made during normal working hours at the Place of Delivery. However, if permitted by the regulations of the Place of Delivery and if requested by the Buyer in writing and agreed to by the Seller, Deliveries may be made outside normal working hours, in which event the Buyer shall pay all overtime and any other extra expenses whatsoever thereby incurred.

6.3 The Buyer shall give the Supplying Vessel and/or Supplying Vehicle a clear and safe berth and/or safe place free of costs alongside the bunker manifold of the Receiving Vessel and the Buyer shall furnish and pay for all necessary wharfage, service or other installation charges incurred. The Seller shall not be obliged to make any Delivery where, in the sole opinion of the Seller and/or the Physical Supplier, a clear and safe berth and/or safe place is not made available.

6.4 The Buyer shall make all connections and disconnections of the delivery hose to the Receiving Vessel, unless the custom of the Place of Delivery requires otherwise, but in any event it shall be the responsibility of the Buyer to ensure that the connection of the delivery hose to the Receiving Vessel has been properly and safely made. The Buyer shall ensure that the Receiving Vessel renders all customary assistance and provides sufficient tank space and equipment to receive prompt Delivery.

6.5 Subject to Clause 11.1 below, the Bunkers shall be deemed Delivered, when the Bunkers pass the bunker manifold of the Supplying Vessel and/or Supplying Vehicle.

6.6 The Buyer shall promptly receive Delivery when tendered and shall promptly withdraw the Receiving Vessel from the Supplying Vessel and/or Supplying Vehicle upon completion of Delivery. If the Buyer or the Receiving Vessel causes delay in the use of the Supplying Vessel or Supplying Vehicle, the Buyer shall immediately be responsible to the Seller for any costs, damages or liability whatsoever which the Seller incurs thereby, including but not limited to demurrage at the Physical Suppliers prevailing rate.

6.7 The Buyer warrants that the Receiving Vessel can safely receive Bunkers and shall ensure that the Receiving Vessel has all certificates required to comply with all relevant regulations relating to delivery of the Bunkers at the Place of Delivery. Where necessary, the Buyer shall be responsible for obtaining a government permit or licence for the export of the Bunkers. If such a permit or licence is not obtained then the Seller and/or Physical Supplier shall be under no obligation to Deliver and shall not be responsible for any such loss or damage resulting from such non-delivery.

6.8 On completion of Delivery, the Buyer or his representative shall sign the Bunker Delivery Receipt and give it to the Physical Supplier for countersigning. Both the Buyer and Seller shall retain an original of the Bunker Delivery Receipt for their records.

6.9 Should the Receiving Vessel be delayed, the Buyer must so advise the Seller. The Buyer should also ensure that the Receiving Vessel's

Local Agent is similarly informed and that the Local Agent advises the Physical Supplier accordingly. At the Buyer's request, the Seller will use its reasonable endeavours to Deliver to a delayed Receiving Vessel on the terms originally agreed, but reserves the right to pass on to the Buyer all additional costs, including but not limited to any increases in the Basic Cost of Bunkers resulting from the Receiving Vessel's delayed arrival.

PRICE
§ 7

7.1 Unit Price: where in the Sales Confirmation the Unit Price is stated not to be subject to variation, the Unit Price will, subject to Clause 6.9, not be varied. In all other cases, for example floating prices or posted prices, the final Unit Price charged shall be based on the relevant quotations/posted prices ruling on the date(s) agreed between the Parties and reported on the Sales Confirmation.

7.2 Further Costs: in addition to the Basic Cost of Bunkers, the Buyer agrees to pay for any additional costs which shall include, but is not limited to, barging, clean-up costs, costs of cleaning and damage in respect of any pollution caused by any oil spill, demurrage, duties, fees, freight, insurance, overtime, pilotage, port duties, port dues, storage, wharfage, mooring, taxes, fines, vehicle or wagon charges, or other costs incurred by or charged to the Seller (including, without limitation, those imposed by governmental authorities). Such costs will be passed on to the Buyer at the rates charged to the Seller and/or incurred by the Seller as and when they are advised to the Seller and together with the Basic Cost of Bunkers shall for all purposes constitute the Price due from the Buyer to the Seller for the Bunkers supplied.

7.3 Notice of the Price: the Seller will give notice of the Price to Buyer as soon as reasonably practicable after Delivery.

7.4 Proof of Delivery: the Buyer or his representative should attend Delivery and obtain at that time all outstanding information relating to Delivery, including the exact quantities and precise specifications of Bunkers delivered. Unless otherwise requested by the Buyer, and stated in the Sales Confirmation, the Seller shall be under no obligation at any time to produce to the Buyer any evidence of Delivery. It is expressly agreed that the furnishing by the Seller of proof of Delivery is not a pre-requisite to payment of the Price.

CANCELLATION AND BREACH
§ 8

In the event of the Buyer at any time cancelling a confirmed request for Bunkers or the Receiving Vessel failing to take Delivery of part or all of the requested Bunkers, the Seller shall have the right to pursue a claim against the Buyer and the Buyer shall indemnify the Seller for all loss and damage thereby suffered including loss of profit. The Seller may treat and seek such remedies as it considers appropriate and the provisions of Clauses 21, 22, 23 and 32.3 to 32.7 shall survive the termination of this Sales Agreement.

PAYMENT
§ 9

9.1 The payment terms will be set out in Sales Confirmation. Each of the following terms apply unless the Sales Confirmation provides otherwise:

9.1.1 The Buyer shall make payment to the Seller in United States Dollars.

9.1.2 Unless the Seller has granted the Buyer credit for the full amount of the Delivery, the Buyer shall make full payment at least 24 hours in advance of Delivery. Evidence of such payment shall be the clearance of the full payment in the Seller's bank account. Payment advice and/or SWIFT MT 103 shall not be accepted as proof of payment.

Should the full payment not be cleared into the Seller's bank account in clear funds at least 24 hours in advance of Delivery, the Seller has the right to cancel this Sales Agreement immediately (and will be relieved from performing all its obligation under this Sales Agreement) and the Buyer shall indemnify the Seller in respect of any cancellation fee that the Seller incurs and/or is liable to pay its suppliers and/or sellers.

9.1.3 Unless otherwise immediately requested by the Buyer, all invoices issued by the Seller shall be submitted to the Buyer electronically either in the form of an e-mail or facsimile at the Seller's option. Hard originals of the invoices shall only be issued upon the express request of the Buyer. However and for the avoidance of doubt, non-receipt of an invoice or any other documentation does not relieve the Buyer of its obligation to make full payment of the amount due under 9.1.4 of this Sales Agreement.

9.1.4 The Buyer will pay the Price in full within the time specified in Clause 9.1.2 or if the Seller has granted the Buyer credit by the last day stated by the Seller, without deductions, discount or set-off for any reason whatsoever therefrom. Such payments shall be made free of all charges to the account of the Seller stated in the invoice mentioned in Clause 9.1.3 above, or to such other account as the Seller may notify in writing to the Buyer.

9.1.5 If the last day upon which payment is required hereunder is not a Banking Day, then payment shall be made on or before the nearest Banking Day immediately preceding that date.

9.1.6 If payment is not received in full at least 24 hours in advance of Delivery, or where credit terms have been agreed, at the expiration of the agreed credit period, any amounts outstanding shall bear interest at the rate of 2% per month pro rata and compounded monthly, or the maximum interest rate permitted by law, whichever is the higher, unless otherwise agreed in the Sales Confirmation.

9.1.7 The Buyer agrees that the Seller shall have, and the Seller reserves, the option at its sole discretion to withdraw any credit which has been granted by the Seller to the Buyer. The Seller may in writing notify the Buyer of the withdrawal of credit, whereupon payment of any sum outstanding from the Buyer to the Seller shall immediately become due and payable where after the Buyer in accordance with Clause 9.1.4 above shall forthwith make payment in full.

9.1.8 With reference to this Sales Agreement or any other contract between the Seller and the Buyer, the Seller shall be entitled to cancel this Sales Agreement or to refuse to make the Delivery under this Sales Agreement, and shall be under no liability in damages or otherwise to the Buyer under this Sales Agreement.

9.1.9 Credit terms granted are conditioned upon the Buyer's compliance with all the Due Dates for payment of the earlier supplies, failing which all invoices will be considered immediately due and payable.

9.1.10 The Seller shall not be responsible for any delays in payment from or to any party as a result of any delays in the banking system however caused. Should the banks close or be the subject of a shutdown, however caused, at the Seller's place of business or any other place, the Seller has the right not to perform all of its obligations under this Sales Agreement until such time that the Seller has received the payment price in full.

9.1.11 If the Buyer is in default of the full payment, or if its financial condition, or that of a subsidiary, parent, associate or affiliate, or in Seller's sole opinion becomes impaired, or if proceedings in bankruptcy or insolvency are instituted by and/or against Buyer, its subsidiary, parent, associate, related or affiliated company of the Buyer, or any other reason at Seller's sole discretion, any and all postponed or deferred payments including interest thereon, shall become immediately due and payable and the Seller reserves the right

to offset the same against any debts due to the Buyer or its parent or its subsidiary companies, affiliates, associated or related companies. Exercise of any such rights shall be without prejudice to the Seller's right to recover damages or losses sustained and resulting from any default by the Buyer, and the Seller shall have the right to demand that the Buyer complies with its obligations under the Sales Agreement and/or demand adequate security and/or withdraw permission to consume the Bunkers for the propulsion of the Receiving Vessel and/or suspend and/or cancel Deliveries hereunder and/or terminate the Sales Agreement.

LOCAL TERMS AND CONDITIONS § 10

10.1 The Seller may be required to enter into contracts with local suppliers including a contract with the Physical Supplier of the Bunkers which contain various terms and conditions similar to, but not the same as, GAC Bunker Fuels Terms and Conditions. In these cases, the terms and conditions that the Seller is required to accept are hereby incorporated into GAC Bunker Fuels Terms and Conditions:

- a) in respect of the obligations, undertakings, timescales applicable to the Buyer; and
- b) for the benefit of the Seller in so far as they limit the liability of the local supplier/Seller and/or provide protection and/or grant security to the local supplier/Seller for payment of the supply.

10.2 A copy of any terms and conditions applicable under which the Bunkers are supplied can be provided upon the written request of the Buyer to the Seller delivered in accordance with the Notice provisions under Clause 13.

TITLE, OWNERSHIP, PROPERTY § 11

11.1 The Bunkers shall remain the Seller's property until the Seller has received the Price for the Bunkers in full. Until that time, the Buyer shall hold Bunkers, store them in such a way that they can be identified as the Seller's property, and keep them separate from Buyer's own property and the property of any other person, save where the Buyer has advised the Seller in writing that it is impractical to do so and the Seller has nevertheless agreed to supply the Bunkers. Until such time as the Price for the Bunkers is received by the Seller in full, the person in possession of the Bunkers Delivered shall hold the Bunkers as a mere bailee.

11.2 Although the Bunkers remain the Seller's property, until the Seller has received the Price for the Bunkers in full, they shall be at Buyer's risk from the time of Delivery and the Buyer shall insure them against loss or damage accordingly and in the event of such loss or damage it shall hold the proceeds of such insurance on behalf of the Seller as trustee of the Seller.

11.3 Buyer's rights to possession of the Bunkers shall cease if:

- a) the Seller has not received the Price for the Bunkers in full by the expiry of any credit period allowed by the Sales Agreement; or
- b) the Buyer is declared bankrupt or makes any proposal to his creditors for a reorganisation or other voluntary arrangement; or
- c) a receiver, liquidator or administrator is appointed in respect of Buyer's business; or
- d) the Sales Agreement is cancelled.

11.4 Upon cessation of Buyer's rights to possession of the Bunkers, the

Buyer shall at his own expense make the Bunkers available to the Seller and allow the Seller to repossess them.

11.5 Until the Seller has received the payment of the Price for the Bunkers in full, the Buyer shall not be entitled to use the Bunkers other than for the propulsion of the Receiving Vessel, mix, blend, sell, encumber, pledge, alienate, or surrender the Bunkers to any third party or any other vessel.

11.6 In case of any breach by the Buyer of the Sales Agreement, the Seller is entitled to take back the Bunkers without prior juridical intervention, without prejudice to all other rights or remedies available to the Seller.

11.7 In the event that the Bunkers have been mixed with other bunkers on board the Receiving Vessel, the Seller shall have the right of lien to such part of the mixed Bunkers as corresponds to the quantity or net value of Bunkers delivered.

11.8 Bunkers delivered under the Sales Agreement shall be made not only on the account of Buyer but also on the account of the Receiving Vessel. The Buyer warrants that the Receiving Vessel has given the Buyer express authority to purchase the Bunkers. The Buyer further warrants that the Seller has the right to assert and enforce a maritime and/or contractual lien (for the avoidance of doubt any such lien shall extend but will not be limited to the Receiving Vessel's freight and/or hire payments for the particular voyage during which the Bunkers were supplied and to freights and/or hire on all subsequent voyages) in against the Receiving Vessel or any sister or associated vessel for the amount of the Bunkers provided, plus without limitation, contractual interest pursuant to Clause 9.1.6 herein and any other expenses related to enforcement of the abovementioned lien. The Seller's right to apply and enforce a maritime and/or contractual lien will not be altered, waived or impaired by the application to the Bunker Delivery Receipt of any disclaimer stamp

RISK § 12

12.1 The Seller's responsibility for the Bunkers shall cease and the Buyer shall assume all risks and liabilities relating thereto, including loss, damage, deterioration, depreciation, contamination, evaporation or shrinkage of Bunkers and responsibility for loss, damage and harm of whatsoever nature caused by pollution or in any other manner howsoever arising to third parties at the time Bunkers have passed the Supplying Vessel's or Supplying Vehicle's bunker manifold.

12.2 The Buyer shall indemnify without limit the Seller in respect of any liability, claim or demand for which the Buyer is liable.

NOTICES § 13

13.1 The Buyer must give not less than 3 (three) Working Days' notice of the Receiving Vessel's readiness to receive Bunkers to the Seller and the Physical Supplier. Notice must be given in English during the Seller's normal business hours, Monday to Friday inclusive, 08.00-18.00 London time. Notice given outside these hours will be deemed to have been given at 08.00 on the first Working Day thereafter. Furthermore, in all circumstances and on all occasions it is the responsibility and duty of the Buyer to ascertain and where appropriate to comply with:

- a) the precise requirements of the Physical Supplier and any other person, body or authority in respect of the giving of notice of the Receiving Vessel's ETA;
- b) the exact location of the Place of Delivery;
- c) any particular requirements to enable Delivery to be effected as efficiently and promptly as possible.

13.2 It is the responsibility and duty of the Buyer to instruct its Local Agent to liaise with the Physical Supplier so as to ensure compliance with these provisions.

BROKERS AND AGENTS
§ 14

14.1 Unless the party with whom the Seller is corresponding specifically declares to the Seller prior to dispatch by the Seller of the Sales Confirmation that the party with whom the Seller is corresponding is not the Buyer and that at the same time provides to the Seller the full name and address of the Buyer then the party with whom the Seller is corresponding shall be deemed to be the Buyer.

14.2 Without prejudice to the provisions of Clause 14.1, in the event that the party with whom the Seller is corresponding is an agent of the Buyer, whether or not authorised by the Buyer, then the party with whom the Seller is corresponding shall be jointly and severally liable with the Buyer to perform the Buyer's obligations under the Sales Agreement notwithstanding that the party with whom the Seller is corresponding purports to contract as a mere agent.

ASSIGNMENT
§ 15

The Buyer shall not assign its interest in this agreement without the prior written approval of the Seller. The Seller may assign this agreement at any time without the consent of the Buyer and shall thereafter give notice to the Buyer.

FORCE MAJEURE AND CONTINGENCIES
§ 16

16.1 The Seller shall not be liable for any failure to fulfil any term or conditions of the Sales Agreement if fulfilment has been delayed, hindered or prevented or made substantially more expensive by any circumstances whatsoever which are not within the immediate control of the Seller (whether foreseeable or not) including but without limiting the generality of the foregoing, any fire, accident, explosion, mechanical breakdown, flood, storms, earthquakes, landslide, tidal waves or other extraordinary weather conditions, acts of God, war, threatened act of war or warlike operations, military operations, national emergency, civil commotion, terrorist acts or attacks, sabotage or piracy, riots, civil commotion, blockades or embargoes, strike, lockout, labour dispute or other industrial action or reasonable apprehension thereof, epidemics, any governmental order, requisition, control, intervention, requirement, intervention, request or restriction, any limitation, restriction or interruption to existing or contemplated sources of supply of Bunkers or the means of supply thereof. Nothing in this provision shall be deemed to excuse the Buyer from its obligation to make payments for Bunkers received.

16.2 In the event that performance is prevented or delayed or made substantially more expensive by any of contingencies above, the Seller may reduce or stop Deliveries in any manner as it shall determine in its sole discretion, or elect to continue Deliveries and increase prices in fair proportion to the increased costs of operations under such contingency.

ENVIRONMENTAL PROTECTION
§ 17

17.1 If an escape, spillage, leakage, overflow or discharge of Bunkers occurs during the Delivery (a "Spill") the Buyer shall, at its own costs without any rights to recover the same from the Seller, promptly take such action as is necessary to clean-up the Spill and use its best endeavours to mitigate all and any effects of whatsoever nature of a Spill.

17.2 Notwithstanding the cause of such Spill, the Seller and Physical Supplier are authorised by the Buyer to take such measure and to

incur such expenses at the Buyer's expense and on the Buyer's account by employing its own resources or by contracting with other persons, either in cooperation with the Buyer and/or the Receiving Vessel, or alone as is in the sole opinion of the Seller or the Physical Supplier reasonably necessary to remove the oil and mitigate all the effects of whatsoever nature of a Spill. The Buyer agrees that it and the Receiving Vessel will render such cooperation and assistance as is required by the Seller or the Physical Supplier in the course of such action. The Seller and Physical Supplier shall not be considered volunteers in taking such action or incurring such expense, whether or not they or the Buyer have caused the Spill.

17.3 In the event of a Spill, any expenses, damages, costs, fines and penalties arising from the Spill shall be paid for by the Buyer (or recoverable from the Buyer if the Seller has paid them in the first instance) unless the Spill arose out of the Seller's negligence in which case the Seller will be liable, provided that the Buyer shall prove such negligence, to the extent that such negligence caused or contributed to the Spill.

17.4 It shall be presumed that the Seller and/or the Physical Supplier has not caused any Spill and that the Buyer or the Receiving Vessel has caused it unless the Buyer proves otherwise.

17.5 The Buyer shall disclose or cause to be disclosed to the Seller or the Physical Supplier all documents and other information concerning the Spill or any measures for the prevention or remedy of a Spill which may be requested by the Seller or the Physical Supplier or the disclosure of which is required by any applicable law including the law applicable at the Place of Delivery.

HEALTH, SAFETY AND THE ENVIRONMENT
§ 18

18.1 The Seller shall not be responsible in any respect whatsoever for any loss, damage or injury resulting from any hazards inherent in the nature of any Bunkers.

18.2 The Buyer shall at all times comply with any obligations, requirements or recommendations contained in any law, statute, directive or regulation of any territory, state or jurisdiction in or through which the Bunkers may be delivered, sold, transported or used and all Government, state or local regulations of whatsoever nature at the port and/or places such as, but not limited to, those related to fire, a Spill or loss of Bunkers.

18.3 The Buyer shall indemnify and keep indemnified the Seller against any liability, claim or proceedings whatsoever arising out of or in connection with any failure by the Buyer to comply with its obligations under this Clause 18.

CLAIMS, DISPUTES AND PRECAUTIONS
§ 19

19.1 Time Limits: the Buyer acknowledges that as the Seller is subject to strict time limits from its physical suppliers for any claim presentation, the Seller must in turn impose rigid time limits on receiving notice of claims from its buyers. Therefore the Buyer shall ensure that it will maintain its own internal checking and reporting procedures. The Buyer acknowledges that the Seller will not relax its time limits in any circumstance. The Buyer further acknowledges that any claim against the Seller not received within the time limits set out in this Clause 19, shall be deemed waived, time barred and that no such claim shall be entertained by the Seller. Further, the Buyer acknowledges that if arbitration proceedings are not commenced by the Buyer within the time limits specified in this Clause 19, any of the Buyer's claims shall be deemed irrevocably waived and time barred by the Buyer.

19.2 Notification: written notice of any claim or potential claim must be given to the Seller within the specified time limit set out in this

Clause 19. It is the Buyer's responsibility to ensure that the notice is received by the Seller, whose confirmation of receipt must always be sought but such confirmation will not in any way amount to an admission of liability or waiver of any defences and rights that may be available to the Seller. Regardless of whether a claim or dispute has arisen or is anticipated, the Buyer must always give prompt notice to the Seller of any discrepancy, error or omission present or any unusual occurrence relating to the Delivery.

19.3 Sufficiency of Information: to enable the Seller to investigate and pursue a claim, the notice must give sufficient information for the Seller to be able to identify the relevant transaction, the nature of the complaint and the alleged loss of damage. Any notice which does not give sufficient information, in the sole opinion of the Seller, will not be valid. For the same reasons the Buyer must provide a full and complete response to any and all questions, enquiries and requests whatsoever made of it by the Seller concerning the claim and matters related thereto.

19.4 Buyer's claims fall into 3 categories:

19.4.1 Quantity claims and disputes:

19.4.1.1 These types of claims are most easily avoided by ensuring high standards of checking before, during and after Delivery by an officer of the Receiving Vessel's crew or other senior representative of the Buyer and this is therefore encouraged by the Seller.

19.4.1.2 For bulk deliveries, delivery barges, wagons and vehicles must be checked by tank-dipping to measure the contents and ensure full out-turn. Flow meters must be checked for seals, correct settings and calibration and general condition. All of these checks must be carried out before and after Delivery of each consignment and each barge, wagon or vehicle tank load. The Delivery must be supervised at all times and care must be taken in ensuring that all documentation is complete and accurate before signing and stamping. Any discrepancies must be recorded on the Bunker Delivery Receipt. Unless these procedures are followed, it is nearly always impossible for a claim to be substantiated and the Seller therefore regrets that it will be obliged to reject any claims for short Delivery where these receiving procedures have not been followed.

19.4.1.3 The time limit for receipt by the Seller of notice of the existence of a quantity claim and dispute is 7 (seven) days from the date of Delivery as per Clauses 6.1 and 6.5 or such shorter period as is specified in the Sales Confirmation.

19.4.1.4 The time limit for the Buyer to commence arbitration proceedings is 6 (six) months from the date of the Delivery as per Clauses 6.1 and 6.5 or such shorter period as specified in the Sales Confirmation.

19.4.2 Quality claims and disputes:

19.4.2.1 It is the Buyer's responsibility to ensure that the Bunkers tendered for Delivery are those which are required by the Receiving Vessel, and that the Bunkers are Delivered into the correct tanks; and that representative samples of each grade of Bunkers Delivered are collected, as per Clause 5.5.

19.4.2.2 It is the duty of the Buyer to instruct the Physical Supplier to take at least three representative samples of each grade of Bunkers Delivered, as per Clause 5.5.

19.4.2.3 It is important for the Buyer to check that all documentation is in order and to note discrepancies on the Bunker Delivery Receipt before signing and stamping it.

19.4.2.4 In the event of the Buyer having grounds to believe that the Bunkers supplied do not accord with the relevant description in the Sales Confirmation or are defective, the Buyer shall immediately:

19.4.2.4.1 take all steps whatsoever to mitigate the consequence of having been supplied with possibly defective or incorrect Bunkers; and

19.4.2.4.2 give notice with full details of the possibly defective or incorrect Bunkers to the Seller together with the Receiving Vessel's position, destination and ETA, the quantities and locations of all Bunkers on board the Receiving Vessel, the rate and quantity of consumption since Delivery and the location immediately prior to consumption of Bunkers; for each of the three preceding deliveries to the Receiving Vessel, the quantity, quality and specification of Bunkers supplied, the place and date of supply and the name of the Physical Supplier.

19.4.2.5 It is a pre-condition of the Seller being prepared to consider any quality claim that at the time notice is given, the Buyer has retained its complete set of the Sealed Samples on board the Receiving Vessel (as per Clause 5.7). The Buyer agrees that the Sealed Samples are representative of the Delivery and that the Seller has no duty to consider any other independently produced samples. The result of the analysis performed on the Sealed Samples by a reputable independent testing laboratory, approved by the Seller and the Physical Supplier, in accordance with established procedures and ISO 8217 in the presence of a representative of the Seller and/or the Physical Supplier shall be binding on all Parties. Note that:

19.4.2.5.1 In no circumstances shall test results from testing agency FOBAS be binding on the Parties.

19.4.2.5.2 Gas chromatography-mass spectrometry (GCMS) results after Delivery of the Bunkers will not be considered in support of an allegation that the Bunkers are not fit for purpose and such results will not be binding on the Parties under any circumstances.

19.4.2.5.3 In the event that the Buyer is unable or unwilling to produce its Sealed Samples for analysis within 28 days of a request from the Seller to do so, the Seller may proceed to have the Physical Supplier's Sealed Samples analysed, the result of such analysis shall also be binding upon the Parties hereto. The cost of analysis will consist of 100% of the laboratory fees and shall be for the account of the Party who is found to be at fault; reasonable time will be given to the Seller or its representative in relation to such analysis and determination of quality claim.

19.4.2.6 If it is alleged that any equipment or machinery had been damaged by defective Bunkers, full details must be given to the Seller at the earliest opportunity and the item must be preserved and made available for inspection on demand at any reasonable time or times to the Seller or its representative.

19.4.2.7 The time limit for receipt by the Seller of notice of the existence of a quality claim and dispute is 14 (fourteen) days from the date of the Delivery as per Clauses 6.1 and 6.5 or such shorter period as specified in the Sales Confirmation; and

19.4.2.8 The time limit for the Buyer to commence arbitration proceedings is 6 (six) months from the date of the delivery as per Clauses 6.1 and 6.5 or such shorter period as specified in the Sales Confirmation.

19.4.3 Other claims and disputes:

19.4.3.1 Notice of the existence of all other claims and disputes, specifically excluding any and all claims relating or associated with matters of quantity and quality which are subject to the time limits set out in Clauses 19.4.1.3 and 19.4.2.7, respectively, should be given to the Seller as soon as reasonably possible and in any event no later than 14 (fourteen) days after Delivery, failing which the Buyer acknowledges that any of the Buyer's claims shall be deemed waived, time barred and that no such claim shall be entertained by the Seller. Further, the Buyer acknowledges that if arbitration proceedings are

not commenced by the Buyer within 6 (six) months from the date of the Delivery as per Clauses 6.1 and 6.5 or such shorter period as is specified in the Sales Confirmation, the Buyer acknowledges that any of the Buyer's claims shall be deemed irrevocably waived and time barred by the Buyer.

19.5 Summary of time limits:

- a) Quantity claims and disputes 7 (seven) days from the date of Delivery as per Clauses 6.1 and 6.5 for the Buyer to give notice to the Seller of the existence of the claim and 6 (six) months for commencing arbitration proceedings against the Seller.
- b) Quality claims and disputes 14 (fourteen) days from the date of Delivery as per Clauses 6.1 and 6.5 for the Buyer to give notice to the Seller and 6 (six) months for commencing arbitration proceedings against the Seller.
- c) Other claims and disputes 14 (fourteen) days from the date of Delivery as per Clauses 6.1 and 6.5 for the Buyer to give notice to the Seller and 6 (six) months for commencing arbitration proceedings against the Seller.

19.6 Seller's claims of whatsoever nature against the Buyer shall be subject to the time limits prescribed by the governing law and the Seller shall not be required to give the Buyer any notice of the existence of a claim prior to commencing arbitration proceedings.

19.7 All the above time limits are subject to the provision of shorter time limits in the Sales Confirmation message and/or in the local suppliers' general terms and conditions, if a shorter period is contained in the same, as referred to in Clause 10.

19.8 Claims settlement: claims, if any, have in any case to be settled separately from payment of the invoice, which, in all cases, has to be honoured by the Buyer in full without delay, deduction or set-off.

ARREST OF RECEIVING VESSEL OR ANY OTHER VESSEL OF THE BUYER
§ 20

Notwithstanding anything to the contrary herein and without prejudice to any rights or remedies otherwise available to the Seller, the Buyer, by entering into the Sales Agreement, expressly authorises the Seller, upon the Buyer's failure to meet the agreed obligations, to arrest the Receiving Vessel in question, or any other vessel of the Buyer, under any applicable jurisdiction as security for the obligations of the Buyer. Should the Buyer fail to make any payment to the Seller immediately when due, the Seller may dispose of such arrested vessel whether by sale or otherwise as applicable under the relevant jurisdiction. Any costs or expenses of whatever kind incurred by the Seller in respect of such arrest shall be for the sole account of the Buyer and shall be added to the claim for which arrest is made.

WAIVER
§ 21

The failure by any Party to the Sales Agreement to enforce any right against any other Party shall not be construed as a waiver of that right or in any way affect the validity of the Sales Agreement. In particular, the granting by the Seller of any additional time to make payment or the waiving or reducing of any financial or other charge shall not prevent the Seller at any time thereafter from relying upon its strict contractual rights.

INDEMNITY
§ 22

The Buyer hereby indemnifies the Seller in respect of all damage or injury occurring to any person or to any property and against all actions, suits, claims, demands, costs, charges or expenses arising in

connection therewith to the extent that the same shall have been occasioned by the negligence or default of the Buyer, his servants, representatives or agents or any third party in the course of performance of or arising out of or in connection with the Sales Agreement.

LIABILITY
§ 23

The Seller shall not be liable to the Buyer for any direct or indirect loss or damage including any loss of profit or any other indirect, special, incidental or consequential loss or damage whatsoever arising from any cause whatsoever whether in contract, tort or otherwise save for personal injury and death claims including the acts or omissions or negligence of the Seller, its servants, agents or sub-contractors, including, without limiting the generality of the foregoing in any way whatsoever, no liability will be borne by the Seller for demurrage, detention or other vessel delay, or any damages or loss arising from the exercise of Seller's right to suspend and/or terminate Delivery of the Bunkers.

COMPENSATION
§ 24

Notwithstanding the foregoing, in the event that the Seller is found to be liable to the Buyer, the total amount payable by way of compensation other than in respect of personal injury or death shall not exceed the Basic Cost of Bunkers charged to the Buyer for the Bunkers supplied under the Sales Agreement. It is a pre-condition to the payment of any compensation by the Seller that all sums due to the Seller from the Buyer are first paid and settled, in full, without deduction or set-off.

INSURANCE
§ 25

The Buyer is responsible for effecting and maintaining in force adequate insurance which will fully protect the Buyer, the Seller and all third parties from all risks, hazards and perils, Spills associated with or arising from the Sales Agreement and Delivery.

LICENCES, PERMITS AND APPROVALS
§ 26

The Buyer is responsible for obtaining all necessary permits, licenses and approvals required to enable the Buyer to execute all of the Buyer's obligations under the Sales Agreement.

GENDER, SINGULAR, PLURAL
§ 27

Unless the context otherwise requires, all references in the Sales Agreement to one gender shall be deemed to include all others and references to the singular shall be deemed to include the plural and vice versa.

GOVERNING LAW AND JURISDICTION
§ 28

28.1 This Sales Agreement shall be governed by and construed in accordance with English law and any dispute arising out of or in connection with this Sales Agreement shall be referred to arbitration in accordance with the Rules of the Emirates Maritime Arbitration Centre (EMAC) current at the time when the arbitration proceedings are commenced. The seat of arbitration shall be the Dubai International Financial Centre (DIFC), United Arab Emirates, and the language to be used in the arbitral proceedings shall be English.

28.2 The reference shall be to three arbitrators. A Party wishing to refer a dispute to arbitration shall appoint its arbitrator and send notice of such appointment in writing to the other Party requiring the

other Party to appoint its own arbitrator within 14 calendar days of that notice and stating that it will appoint its arbitrator as sole arbitrator unless the other Party appoints its own arbitrator and gives notice that it has done so within the 14 days specified. If the other Party does not appoint its own arbitrator and give notice that it has done so within the 14 days specified, the Party referring a dispute to arbitration may, without the requirement of any further prior notice to the other Party, appoint its arbitrator as sole arbitrator and shall advise the other Party accordingly. The award of a sole arbitrator shall be binding on both Parties as if he had been appointed by agreement.

28.3 Nothing herein shall prevent the Parties agreeing in writing to vary these provisions to provide for the appointment of a sole arbitrator.

28.4 However, nothing in this Clause shall, in the event of a breach of the Sales Agreement by the Buyer, preclude the Seller from taking any such action as it shall in its absolute discretion consider necessary, and the Seller shall have the power to enforce, safeguard, secure or assert its rights under the Sales Agreement and any rights of lien, attachment, arrest in any court or tribunal of any state or country, including any jurisdiction where the Receiving Vessel or a sister or associated ship may be found.

SANCTIONS § 29

29.1 The Buyer warrants that neither the Buyer, the Vessel, nor the operators, managers, or charterers of the Vessel are:

- a) Designated Persons, or owned or controlled by Designated Persons;
- b) Persons domiciled or incorporated in Restricted Countries, or owned or controlled by persons domiciled or incorporated in Restricted Countries; or
- c) Engaged in trade with Designated Persons or Restricted Countries; or
- d) Carrying cargo in contravention of any laws in force in the United States of America, United Kingdom or European Union or in contravention of United Nations Security Council resolutions.

29.2 The Seller may request evidence (including, but not limited to, the cargo manifest) of the cargo carried by the Receiving Vessel. The Seller may, at its sole discretion, cancel this Sales Agreement if the Buyer has failed to provide such evidence to the Seller's satisfaction, in which circumstances the Buyer shall indemnify the Seller for costs and expense incurred by the Seller including any cancellation fee payable to the Physical Supplier.

29.3 The Seller has asked its suppliers (including the Physical Supplier) to confirm that no products will be supplied to the Buyer in contravention of United Nations, United States of America (including but not limited to the US Department of the Treasury Office of Foreign Asset Control ("OFAC") including the OFAC Specially Designated Nationals or Blocked Persons List (SDN) and the US Department of State), United Kingdom and European Union sanctions.

29.4 The Buyer warrants that the Receiving Vessel will not use the Bunkers Delivered to undertake or otherwise be involved in any trade or transaction which would be in contravention of United Nations, United States of America (including but not limited to the US Department of the Treasury OFAC including the OFAC SDN and the US Department of State), United Kingdom or European Union sanctions and that they have acted in full compliance with United Nations, United States of America (including but not limited to the US Department of the Treasury OFAC including the OFAC SDN and the US Department of State), United Kingdom or European Union sanctions

as at the date of the Sales Agreement. The Buyer further warrants that the Buyer and/or Receiving Vessel is not acting on behalf of or for, directly or indirectly, any Designated Person.

29.5 If at any time during the performance of the Sales Agreement the Seller becomes aware that the Buyer is in breach of warranty as aforesaid, the Seller shall comply with the laws and regulations of any government to which it is subject and follow any orders or directions which may be given by any regulatory or administrative body, acting with powers to compel compliance. In the absence of any such orders, directions, laws or regulations, the Seller may terminate the Sales Agreement forthwith.

29.6 Notwithstanding anything to the contrary in this Clause, the Buyer and Seller shall not be required to do anything which constitutes a violation of the laws and regulations of any State to which either of them is subject.

29.7 The Buyer shall be liable to indemnify the Seller against any and all claims, including return of any payment, losses, damage, costs and fines whatsoever suffered by the Seller resulting from any breach of warranty as aforesaid and in accordance with the Sales Agreement.

ANTI-CORRUPTION § 30

30.1 The Parties agree, and each Party individually warrants and undertakes, that in connection with the performance of the Sales Agreement they shall each:

- a) comply at all times with all applicable anti-corruption legislation (including but not limited to United Kingdom's Bribery Act 2010 and any similar legislation in the United States of America or any other relevant jurisdiction relating to anti-bribery or anti-money laundering) and have procedures in place that are, to the best of its knowledge and belief, designed to prevent the commission of any offence under such legislation by any member of its organisation or by any person providing services for it or on its behalf; and
- b) make and keep books, records, and accounts which in reasonable detail accurately and fairly reflect the transactions in connection with the Sales Agreement.

30.2 If a demand for payment, goods or any other thing of value ("Demand") is made to either Party by any official, any contractor or sub-contractor engaged by or acting on behalf of either Party or any other person not employed by either Party and it appears that meeting such Demand would breach any applicable anticorruption legislation, then the Party receiving the Demand shall notify the other Party as soon as practicable and the Parties shall cooperate in taking reasonable steps to resist the Demand.

30.3 If either Party fails to comply with any applicable anti-corruption legislation it shall defend and indemnify the other Party against any fine, penalty, liability, loss or damage and for any related costs (including, without limitation, court costs and legal fees) arising from such breach.

30.4 Without prejudice to any of its other rights under the Sales Agreement, either party may terminate the Sales Agreement without incurring any liability to the other Party if:

- a) at any time the other Party or any member of its organisation has committed a breach of any applicable anti-corruption legislation in connection with the Sales Agreement; and
- b) such breach causes the non-breaching Party to be in breach of any applicable anti corruption legislation.

Any such right to terminate must be exercised without undue delay.

30.5 Each Party represents and warrants that in connection with the negotiation of the Sales Agreement neither it nor any member of its organisation has committed any breach of applicable anti-corruption legislation. Breach of this Clause 30.5 shall entitle the other Party to terminate the Sales Agreement without incurring any liability to the other.

EUROPEAN UNION GENERAL DATA PROTECTION REGULATION
2016/679 (GDPR)
§ 31

The Buyer warrants and undertakes to fully comply with the European Union (EU) General Data Protection Regulation 2016/679 when handling all/any applicable information received from the Seller.

ADDITIONAL PROVISIONS
§ 32

32.1 No term under the Sales Agreement shall be enforceable, by virtue of The Contracts (Rights of Third Parties) Act 1999, by any person other than the Buyer or Seller.

32.2 The United Nations Convention on Contracts for the International Sale of Goods of Vienna, 11 April 1980 shall not apply to the Sales Agreement.

32.3 Neither Party shall disclose to third parties any confidential information relating to pre-contractual discussions and/or the terms and conditions of the Sales Agreement, except with the prior written consent of the other Party, which shall not be unreasonably withheld, or to the extent required by law, or by a request of a government or its agency thereof.

32.4 The Parties shall take reasonable precautions to ensure that no unauthorised disclosure of confidential information takes place.

32.5 If a Party is uncertain as to whether information is confidential, the Seller or the Buyer (as the case may be) shall consult with the other Party.

32.6 Should either Party be required by law to disclose confidential information, the disclosing Party will, where permitted, notify the other Party and shall disclose only the minimum confidential information required to satisfy legal requirements.

32.7 Information is not confidential for the purposes of this Clause if it was in the possession of the Party prior to receipt from the other Party; becomes publicly available other than as a result of a breach of the Sales Agreement by one of the Parties; or is lawfully received from a third party.

32.8 The Buyer shall enforce a company drug and alcohol policy on board the Receiving Vessel.

32.9 Such company drug and alcohol policies shall meet or exceed the standards in the International Convention on Standards of Training, Certification and Watchkeeping for Seafarers, 1978, as amended.

32.10 The Buyer's personnel shall comply with the Seller's or Physical Supplier's drug and alcohol policy in force on board the Supplying Vessel and/or Supplying Vehicle.

32.11 Both Parties acknowledge and agree that the selling, possession, distribution, use or being under the influence of alcohol or any controlled substance or dangerous drugs other than those medically prescribed is prohibited.
